AFFIDAVIT OF SUPPORT

I, Shirley Bradley (printed name), swear or affirm under penalty of perjury a belief that violation of private wire communications isn't the same as violations of moral copy[rites] to indecent art placed "online" once by Mr Neeley. Images of colored graphics, intended only for logged-in website members, should not be "intercepted" by Google Inc image search and be shown to the anonymous public. This is a criminal act not related to moral copy[rite] to images that no longer exist "online" after deletion.

All that is necessary for pornography to continue destroying morals in the United States is preventing artists, like Mr Neeley, from prosecuting this crime. Accounting for foul words once uttered will not prevent answering for every silence maintained when given an opportunity to protest obvious crimes.

I will not remain silent but affirm an honest belief Mr Neeley's prior pursuit of the moral right to control indecent art is **NOT THE SAME** as Mr Neeley's current pursuit of the right to control private password protected communications like the Show Cause Order alleged to be the same, -as will be addressed at the May 27, 2014 hearing.

Respectfully Submitted
